

# MAMMA SPENDS \$1,000 DAY; SON ASKS KIND JURY TO CALL HALT

New York, August 19.—Louis Morris, eldest son of Mrs. Julia Watt Curtis, has gone into court at Bridgeport, Conn., to have his mother declared incompetent.

Mrs. Curtis laughs at the idea. And why shouldn't she laugh? For she not only has a few millions tucked away in her inside pocket, but is one of three prospective heirs to the \$100,000,000 estate of Mary G. Pinkney, of Harlem. What is more, Mrs. Curtis is said to be the favorite niece.

But why this action on the part of the son, and why this light view of the matter taken by the mother? Well, here's the way they tell it at Bridgeport.

Louis Morris, eldest son of Mrs. Curtis by another marriage, is known in New York as one of the gayest of the gay in places where gayety-seekers do most abound.

He is granted an allowance of \$600 a month by Mamma Curtis, but he is living at the rate of \$20,000—he and his beautiful young wife—and the annual difference between \$20,000 and \$7,200 is graciously supplied by the

same unfeeling fount.

## Would Marry Again.

Now, so they tell it in Bridgeport, Mamma Curtis, having been twice married and twice divorced, is contemplating another matrimonial venture. Both Morris and his wife are extremely ambitious socially, and they have an awful premonition that if Mamma Curtis waits up to the matrimonial altar again the source of financial sustenance will forever be sealed. What more easy, then, than to go into court, have a jury look mother over and see whether or not she is capable of managing her affairs, alleging that she is spending \$1,000 a day the long year round?

"Happy thought!" declared Mr. and Mrs. Morris, and they proceeded to put it into execution. The papers have already been served.

"It is to laugh," retorted Mamma Curtis, who is still quite young looking and pretty. "My fortune is mine, to spend as I will, and I am going to do it."

So there you are. The case comes up in a few days. Bridgeport, meanwhile, is holding its breath.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by all dealers.

At this season we should eat sparingly and properly. We should also help the stomach as much as possible by the use of a little Kodol occasionally. Kodol for indigestion and dyspepsia will rest the stomach by actually digesting the food itself. Sold by J. H. O'Reilly & Co.

# SHARPSHOOTERS LEAVE FOR PERRY

New Mexico National Guard Members Are Enroute to Annual Meet.

Las Vegas, N. M., August 19.—New Mexico's sharpshooters, eighteen strong, left Las Vegas yesterday afternoon on No. 2 for Camp Perry, Ohio, where they will take part in the national shooting contest. The boys are starting out full of confidence and hope to bring nothing but high honors back with them.

For the last three days of last week New Mexico's team, which consists of picked men from all parts of the territory, has been practicing on the rifle range west of the city and judging from the work done there they should have no trouble in making a good record on their eastern trip.

A private car has been provided for the soldiers to travel in and two forty-foot streamers fastened to either side of the coach announce that it is the "Pride of New Mexico."

Those who will make the trip are: Brig. Gen. A. P. Tarkington, Capt. Wm. Ludwig, Rifle Team Capt. Lieut. Col. E. C. Abbott, Range Of-

icer Major R. C. Rankin, Team Coach Major B. Ruppe, Team Spotter Second Lieut. S. C. McCrimmon, Second Lieut. H. E. McCullough, Second Lieut. J. C. Sharp, Second Lieut. Vierra, Quartermaster Sergeant E. C. Wade, First Sergeant W. R. Ames, Company Quartermaster Sergeant A. T. Reed, Troop Sergeant G. L. Jenkins, Sergeant John Gutterman, Sergeant E. S. Andrews, Sergeant F. K. Baker and Corporal C. L. Lingenfelder.

**Good Showing.**  
General Tarkington was greatly pleased with the showing made by his men during the practice. The weak point of the team seems to be rapid fire work, but under the prevailing conditions, considering that during this practice a heavy wind was blowing, the showing was very fair.

The boys will arrive in Chicago Tuesday morning and should arrive at Camp Perry near Toledo on Wednesday morning. As the national shoot does not take place until August 29 they will have several days in which to get themselves into condition.

On August 30 the members of the team will be allowed to leave the camp and visit their old homes if they care to do so. They will not come back together, and can make their visits as long as they desire.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain Tablets can do, I will mail you free, a Trial Package of them—Dr. Shoop's Headache Tablets. Neuralgia, Headache, Toothache, Period pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coating away the unnatural blood pressure. That is all. # S.S.S. A CERTAIN SAFE TREATMENT

Even if mercury and potash could cure Contagious Blood Poison the condition in which these strong minerals leave the system would make the "cure worse than the disease." But they cannot cure the vile disorder; they can only cover up the symptoms for awhile or mask the disease in the system, but as soon as the treatment is left off the hideous symptoms return. Mercury and potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia by drying up the gastric juices, cause the teeth to decay, and often completely break down the constitution, and where they are used in large quantities, the bones become affected, while the disease for which one has so long taken this destructive treatment has not been cured. Contagious Blood Poison is a disease it will not do to trifle with. It is a vile, dangerous and destructive disorder. When the blood becomes infected with its virus the mouth and throat ulcerate, hair and eyebrows come out, glands in the neck and groin swell, copper-colored spots appear on the flesh, and in severe cases sores break out on the body, the finger nails drop off and the sufferer is diseased from head to foot. S. S. S. is the only known antidote for Contagious Blood Poison—the one remedy that is able to get to the root of the disease and force out every particle of the poison so that there are never any signs of its return. It is purely vegetable, made entirely from roots, herbs and barks of known curative value. Instead of leaving bad after-effects as some medicines do, S. S. S. tones up every part of the system and puts every part of the body in perfect health. It will also remove any lingering effects of former mineral treatment while eradicating the poison from the circulation. Special book on the home treatment of this disease and any medical advice desired furnished free to all who write.
